

Coaching Professional

Welcome to the Coaching Professional programme.

The Level 5 programme is designed for those in coaching roles, engaging and empowering individuals and teams to enhance their professional performance.

The programme uses reflective practice to encourage learners to build on their existing coaching ability, developing their knowledge of the latest coaching theories. The programme covers areas such as developing a coaching culture, relationship management and facilitation skills.

Once completed, Learners will have gained a nationally recognised Coaching Professional Apprenticeship Standard and can become a member of: The European Mentoring and Coaching Council, The Association for Coaching, or The International Coach Federation.

We use a blended learning approach and all sessions will be supported by our online delivery platform, Smart Assessor, where Learners can upload their work and Tutors and Managers can monitor their progress between visits.

As part of an Apprenticeship, 20% off the job learning is required. This can be achieved in a variety of ways.
